Create your free Kanopy account:

- Enter your name, email address, and password, then select **Sign up**.
- Or, sign up with an existing Apple or Google account by selecting **Sign Up with Apple** or **Sign Up with Google** and following the instructions.
- You will be logged in to your account and receive 30 tickets. (See **using tickets** for more information.)
- Verify your email address:
 - To finish setting up your Kanopy account, you need to verify your email address. When you receive the verification email from no-reply@kanopy.com, select **Verify Email**.
 - If you didn't receive this email or signed up using the wrong email address, [**please let us know**](#). Or, if you can still log in, you can try resending the verification email or **changing your email address**.

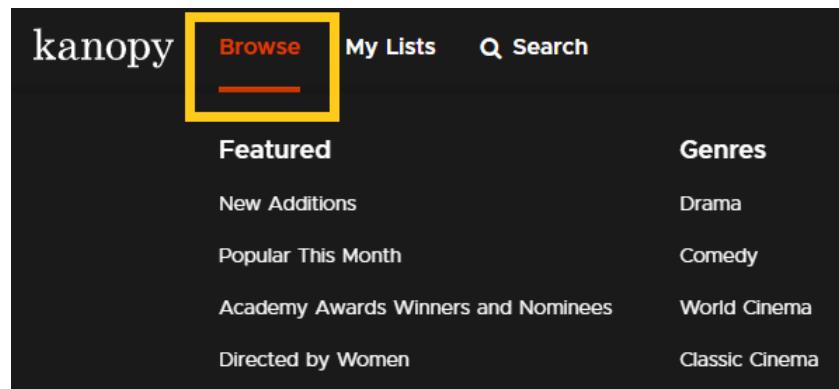

KANOPY QUICKSTART GUIDE

Finding & Watching Films

Browsing for a film:

The Kanopy homepage contains shelves of films with a common subject or theme. Select a film from a shelf to go the title details page, where you can start watching, read the film's description, or add it to your watchlist.

To see a specific category of films, select **Browse**. **Browse** appears at the top of the screen on kanopy.com and in the menu bar on the Kanopy mobile and TV apps. Select a category to browse shelves with that theme. For example, if you select "Classic Cinema," you might see shelves like "Classic Drama" and "Classic Comedy."

Searching for a film:

- To search for a film, select **Search** at the top of the Kanopy homepage (on the Kanopy website) or in the bottom navigation bar (on the Kanopy mobile app) and search by title or keyword. Select a suggested search at the top of the results to see related titles.
- Use filters to refine your results by genre, audio language, and caption language. If you use Kanopy with a public library, you can also filter your search results by the number of tickets required. Filter options change dynamically with search results; filters that don't apply to your search results are hidden.

Using tickets:

- Tickets are used to play videos on Kanopy. Each month, you receive a set number of tickets from your library. Your tickets reset on the first day of the month, and unused tickets don't roll over to the next month.
- You can see your remaining tickets for the month in the top-right corner of the homepage.

**** Note:** Kanopy Kids videos never use tickets. Select the Kanopy Kids logo to the left of your remaining tickets to browse titles.

- As you browse for titles, you'll see the number of tickets required to watch each title and how long you have to watch it.
- Some titles allow unlimited viewing for 0 tickets. Use the "0 tickets" search filter to search unlimited viewing titles.
