How to Guide for the Seneca District's Overdrive Collection

The Libby app is compatible with the following devices.

1. Download the Libby app through your app store or visit libbyapp.com to use this resource on your computer

   a. Open the app, click **YES** to the "Do you have a library card?" question or click on the Libby icon at the bottom of the screen

      i. Find your library (**Seneca District Libraries**)
      ii. Sign in with your library card number (make sure you choose "**Wilcox Public Library**")
      iii. Enter your library card number
      iv. Enter your PIN (typically the last four digits of the phone number you used to get your library card)

   b. Browse or search to discover your next favorite book or audiobook

   c. Start reading & listening!

   d. The Seneca District has partnered with three other libraries to share our eBook and audiobook collections, and to add these partner libraries to Libby:

      i. Open the Libby app, click the Libby icon
      ii. Click Add Library
      iii. Search for one of the partner libraries (you will have to do each library separately)

         - Oil Creek Library District
         - Crawford County Federated Library System
         - Erie County Public Library
         - POWER Library (PA's collection can be added the same way as our partner libraries)

      iv. Click "Sign in with my Card", make sure to choose "Wilcox Public Library" under the Partner Libraries listing. (You may have to click the "more" button to expand the list to find the library)
      v. Enter your library card number
      vi. Enter your PIN
      vii. Repeat steps **ii** through **vi** to add each of the library's collections
      viii. Now you can search all of the collections to find eBooks and digital audiobooks
